

How to Get Started (A Step-by-Step Guide)

Welcome to our Resume Project challenge! Here's a step-by-step guide on how to get started:

Deadline and Enrollment:

- The current challenge details, including the deadline, will be displayed at the top of this page.
- To participate, simply click the **"Enroll for Free"** button and follow the instructions to enroll for the challenge.

Problem Statement:

- Read the problem statement thoroughly to understand the task you are required to solve.
- It will provide you with a clear overview of the problem and the goals you need to achieve.

Download Dataset:

- Click the **"Download Files Here"** button to download the dataset.
- The dataset will be in a zip file format.
- After downloading, unzip the file to access all the required files, including:
 - Datasets (CSV files)
 - Mock-up dashboard
 - Metadata (provides additional information about the dataset)

Familiarize Yourself:

- Take some time to familiarize yourself with the problem statement, mock-up dashboard, and dataset.
- Use the metadata to understand the structure and context of the data before diving into your analysis.
- If the problem statement specifies a particular tool to be used, make sure to utilize that tool.

- Otherwise, you are free to choose any tool for your analysis.

Conduct Analysis:

- Begin your analysis after gaining a solid understanding of the problem and the available resources.
- Utilize your chosen tool to work with the dataset and develop your solution.

Share your Work:

- Once you have completed your analysis, create a post on LinkedIn.
- Tag our codebasics page, Dhaval Patel, and Hemanand in your post.
- Be creative in your presentation and consider incorporating audio or video elements for a more impactful submission.

Submission:

- Return to this page and submit the link to your LinkedIn post. [Example Post](#)
- This link will be used for the final evaluation of your work.

Winners Announcement:

- The winners of the challenge will be announced on our official YouTube channel or LinkedIn Page after the deadline. [Example Winner Announcement](#)
- This link will be used for the final evaluation of your work.

Previous Challenges:

- You can always work on previous challenges to enhance your skills and build your portfolio.
- Take advantage of the opportunity to practice and showcase your work.

We hope this guide helps you get started with our monthly challenge. If you have any further questions or need assistance, feel free to reach out to us at info@codebaicscs.io or the [discord support channel](#). Good luck!
